

A 3D architectural rendering of a modern, two-story house. The house features a light gray upper level and a terracotta-colored lower level. A wooden pergola structure is built over a balcony on the upper level. The lower level has large glass windows with dark frames. A small tree is on the left, and a larger tree is on the right. The ground is covered in green grass.

tetto piano arredato con pergolato in legno

parapetto in legno

tinte di facciata neutre

pergolato-frangisole in legno

cancello
